## ABOUT ME:

I am a full-stack software developer with a drive to work on useful web applications that improve the lives of those who use them. I am passionate and motivated to work on problems that improve my abilities as a programmer so that I can eventually progress and contribute to Artificial General Intelligence and Space Exploration.

## SKILLS:

- Ability to program with Javascript, Typescript, MongoDB, Express, React.js, Node.js., Python, Django, Flask, SQL, GIT/github.com, HTML 5, CSS, AWS, Google Cloud.
- Possesses **exquisite people skills** and knows how to **communicate effectively**.
- Positive and **enthusiastic about working with other people** and team building.
- **Self-motivated** and thrilled when faced with opportunities and challenges.
- Hard-working, industrious, and **enthusiastic about taking on responsibility**.
- Prioritizes **honesty and trustworthiness** being someone who always be counted on.

## PROJECTS:

**Scribist**— *A full-stack writing web app designed to help people write more.*

<http://scribist.herokuapp.com/>

- Full feature doc creation and editing, including live collaboration using web sockets.
- Features Berserk Mode which allows users to write a given word target in a timed way.
- Built with the MEN stack (MongoDB, Express, Node).

**Glossa Galore**— *A language learning web app for boosting your vocabulary.*

<https://github.com/rileygramlich/glossa-galore>

- Glossa Galore is a branded social network app that I created that utilizes flashcards.
- Built with the MEN stack (MongoDB, Express, Node).

**Checkers** — *Browser-based version of Checkers.*

<https://github.com/rileygramlich/checkers>

- A web-based version of the ancient game of checkers.
- Built with DOM manipulation utilizing the languages JavaScript, HTML, and CSS.

## EDUCATION:

**General Assembly**, Toronto — Software Engineering Immersive

OCT 2022 - JAN 2023

- Completed a 3 month, 480 hr bootcamp covering practical industry-related full-stack skills: building apps with MERN stack and Python/Django/SQL; using GIT, and terminal.

## EXPERIENCE:

**Little Smokey Forestry Services**, Grande Prairie AB — Treeplanter

MAY 2019 - AUGUST 2022 (Seasonally)

- Used team building skills and effective communication working in a crew of 10 to accomplish planting the daily target of trees (up to 30,000 trees/day).
- Used great attention to detail managing the density of the trees, where the land has been planted, and working safely with a helicopter on a daily basis.
- Employed the skill of adaptability when challenged with land that has many obstacles.

**Visions Electronics**, Edmonton AB — Sales Associate, Warehouse Worker

DEC 2018 - MAR 2020

- Demonstrated accountability skills hitting regular sales targets and used quality communication assisting customers to find the product that suits their needs.
